April 12, 2000

Rico Town Council
Rico, Co.

Ladies and Gentlemen:

By this letter, please be notified as to my desire and intent to build a house of silent prayer on the Ethlena mining claim (ms 6136, 40N, 11W- Section 24: 11/9/1891) northeast of Rico, Colorado.

I write this letter as part of the U.S.F.S. scoping process. I am thus open to all and any comments which you may desire to submit.

This is also as an expression on my part of desire for good working relations in the future. I would be glad to correspond with the council, or meet with them in person, in order to answer questions, exchange information, or otherwise clarify any issues. Thus, I am taking this opportunity to inquire as to the need to comply with any applicable planning or zoning processes. I hereby request that I be notified if the Ethlena lies within Rico town boundaries and thus if I would fall under any jurisdiction as to town regulations. If any building codes or septic permits are applicable, I likewise ask to be notified. I may be reached as indicated below:

Ex. 6 Personal Privacy (PP)

I respectfully request a reply within 30 days. Thank you.

Sincerely,

James A. Mischke
